6th Grade Healthy Balance

Mrs. McFarland

Parents please send in \$6.00 for an exercise mat. Label envelope with McFarland Healthy Balance and your child's name.

7th Grade College & Career Preparation

Mrs. Banks

- <u>This week:</u> Today we learned about values and how identifying them can help us make decisions and live fulfilling lives. Students completed a card sort activity that helped them identify their top 3 core values. We'll continue the discussion next week with another activity that will lead into the topic of decision making.
- Homework: Your value card sort worksheet is due at the beginning of class next week. For those who did not turn in their skills self-assessment this morning, please bring them next week for partial credit.

8th Grade Nutrition Nurse West

- Last week: We went over the students' meal journals and placed the different foods they ate into categories.
- <u>This week:</u> We discussed Carbohydrates, Proteins and Fats and how the choices we make with our food directly impact our energy and health. We also talked about how each of these categories break down in our body to provide our bodies fuel.
